

Our Yachats vacation rental is fully furnished so you can stay in, read a book, and simply enjoy the central Oregon coast ocean view. The cottage has vaulted ceilings, eight foot windows and a single car garage to keep your car out of the stormy weather at night. Easy access to a sandy beach approximately 150 yards.

Extra care was taken during construction to create a green **environmentally friendly** vacation rental (see amenities below). No smoking is essential and no pets are allowed. The Yachats, Oregon cottage is 800 square foot of romantic elegance and has two bedrooms, two bathrooms, two bay windows, granite tile and pellet stove.
